

Red Hawk (Falmouth Spiritualist Church August 28th 1994)

“I make strong with woman.”

“Yes friend.”

“Greeting brother.”

“Greeting my friend. Bless you.”

“Pleased I see you.”

“Yes. Pleased to see you.”

“Greetings my little ones.”

“Greetings.”

“Long time since I come to speak to you because this woman not come this place long time and I not come only speak through she. You understand.”

“Oh yes.”

“But happy I am to speak again to you in this little temple of Light. And I say to you, those who have not, I say ... the word? ... met ... met me before. Ha, ha! Met me brother! [All laugh] Those who not met me before, I no hurt. I no bad, evil thing. Crawl under stones. I am ordinary man like you, man, woman, childs. I was child. I was never woman, but I was childs and I was man. Long, long time ago. And now I am still man when I come to earth, but I am man no body. Only Spirit.

“Happy I speak you.

“When early this day this woman waking up her man. I whisper her ear she, read this book. Because this man write this book, dictate this book through medium. Silver Birch. Is much more high man than I, but I agree all his philosophies. We try so often to make you aware, my little ones, that your physical bodies are just transient vessels of the Spirit. And as you walk through your earthly conditions you have many lessons to learn before the Spirit is

permitted to leave the body and enter, what you call, the realms of greater experience. But I say to you my friends, there many come from your earth plane have very little experience when even enter the realms of greater experience.

“All times you go on learning and learning and learning.

“I hear some say, is much boring go learning, learning. When I small, go school, I not like learning, learning. But you, my friends, will learn this is philosophy of Spirit, and the more you can learn when you are on the earth plane, the easier and the higher you can promote your Spiritual self.

“So many people are very happy drift through life, all going well, all happy. No worry bills. No worry monies. No worry sicknesses. But when these things come upon you, so often you get so forget, that we can not get near to you to help you.

“I want you to understand that each and every one of you here today. Each and every one that you love. Each and every living soul in this world has what I would call ... um!! A comforter. Perhaps not a guide ‘cos you take no notice wish I guide you. [All laugh] Say, a comforter. A comforter. Someone that you can sit quiet, when in trouble and talk, say what can do I now?

“We will not live your lives for you. You have to live your own lives, but we may drop little words of advice and wisdom, if only you will accept them and this is important for you to know this.

“Your belief, you call it – which for want of better name you call Spiritualism - is derided by many souls on your earth plane. But always you have the consolation that one day they will know that you were right.

“So do not worry. One of your great teachers who came to the earth said you, “Cast not pearls before swine.” If they cannot accept what you try to teach them, then, by your example, show them that you know the truth of Spirit and pray for them, and very often you will find that they will turn onto the path which you already are treading.

“Some of you learning new. Some of you still a little afraid. We feel your fear, that sometime something terrible will come and say,

'BOO' to you like that, and you will be all fright. But we do not say boo, and fright you. We bring you love and help and upliftment.

“But greater than all these, my friends, we bring to you the gift of Spiritual Healing.

“Alas, there are some in your world who have what Boy calls is big-head. And say look I am wonderful healer. And nothing happens because they have big head. But when you accept the power of Spirit flowing through you. When you are a channel, a vehicle of Spirit, that is where the little miracles occur.

“Not always as you want them to occur. Not always can you say, as did one of your teachers, “Lazareth, come forth.”

“You cannot do this, yet. Perhaps one day you will. That is beyond my philosophy, my knowledge. But you can bring healing from Spirit.

“We hear sometimes when we come into your earth conditions, and time to time we come brother when you have making the healing in this little sanctuary. Time to time one other of us coming and all your healing guides of course. But sometimes, strangers you would say, like myself pop-in and wish I was here with this woman, but I come in and sometimes I go home with those who have accepted healing. And it is sad when we hear them say, “It has done no good to me. I am not healed. I went there, I was sick, and I am not healed. But. One was old, old woman. Long time back, came this place, had bad pains. She went home. She had badder pains. For one week she had terrible pains. She said, “Look what they have done to me.” And then she was better. All had gone. All bad had gone and she was better. But she forgot to say, ‘Look, now I am better.’ All she did was spread, ‘They did me no good. They did me no good at all.’

“This is sad.

“You have bad arms. You go home. It was a little better. It did not all good. But it is little better. So is not that improvement? You have bad pain in your legs, drive you mad, you go home. Has not all gone but is little better. You have bad eye. You cannot see properly. You go home. You say, “Has done me no good. Is no better.” In all those cases my friends I say, it could have been a lot worse had not

the hand of healing touched it. Perhaps the arm would have become entirely useless. The eye completely blind.

“Always accept healing, my friends, as a gift from the Great Spirit you call God. Accept it, love it, thank God for it and you will find in some way, be it large or small, wonderful miracles have happened. It will help you.

“Cheer up all of you, you look very much miserable! [All laugh] That is better. That is better. I no stay long time talk you like old parson, but I very happy come this little while to speak to you and to see many faces, happy faces, to meet again.

“I know you have many of you, your problems. Big problems, little problems. Accept my dear, dear ones that these are lessons of Light. Try to draw near and let us help you. That is what we want to do. We want to help you and to love you. Above all to love you. Never fear. Never be afraid.

“I left your earth plane long, long time gone. Many, many of your years. Many, many years. When I on earth there was only green, caves, animals and my people. We did not kill one another. We kill animals to eat, quick, fast and ask forgiveness of soul of animal. We no torture. We no murder. We do no many things. We were simple, simple people.

“We have no ... car. No car. We have legs. Later we have horse. We have no talk-box, we talk one another. But believe it or not, when I was on the earth, we were happy people. We were not savages. We worshipped the Great Spirit. We worshipped the sun. We knew that all around us was the glory of Creation. You have much more, my friends. Enjoy it. But never, ever forget the simple things of life. As if taught to you. Love and experience.

“Is good, it now makes, means your up brother.”

“Yeah. Very good.”

“They good people.”

“Yes, very good.”

“You very good people. I very pleased you listen to me. I go now. I go and I say to you there are many, many in this little temple

tonight, have come, drawn to your love and want you to know that they are there close to you. When come into your mind the thought of someone. Say hello to them. Speak to them.

“Ha, ha, ha, ha, ha, ha! I tell you one more thing then I go. [Laughing in the background] What ... [Laughing gets louder] This woman, few days gone by. Sitting on bed with dog. She’s talking to dog. Then she conscious of me there. Ha, ha, ha. She no see me. She said, “Oh! Red Hawk, I feel you here. In come her man in behind, he no see. [Laughing continues] He say, you lunatic, talking to no-one again. [Laughing very loud] Ha, ha, ha! I very much laugh, but he no hear me. I wish I could stand up in front of him and say, LOOK!!!

“But no, it is not permit. [Laughing fades slightly] Thank you my friends. Thank you for the love I feel coming from you. Thank you for the happiness I pray you will take home tonight. [Laughter stops]

“If your home is troubled. If there is pain there try and remember you have not gone home alone. Someone will go with you.

“Now I go. I ask you all times have patience, have tolerance but above all have ... LOVE!

“Ashabu!”

“God bless you. Thank you for coming.”
